Professional Development Opportunity

CSEA is proud to be part of a national effort to enhance our practices, the Teacher Leadership Initiative (TLI). Among the best components of this program is that it encourages dynamic and creative thinking that is relevant to your classroom. Members of the TLI GROUP will receive \$1000 stipend for their work and time. The work is a combination of a personal “capstone project,” online learning, and some face-to-face meetings with other participants and a local TLI coach. Additionally, members will be eligible for graduate credit through CEA and Adams State. To apply, click [here](#). If you would like more information, contact Thad Gemski, CSEA UniServ Director, at TGemski@coloradoea.org. Deadline for application is April 25, 2015.
