Grant Opportunity For High School Athletic Programs

California Casualty is once again offering public high school athletic programs the opportunity to apply for a grant to benefit their school programs.

Awards will be granted to select public high school athletics programs. Awards must be used to help subsidize school sports programs in ways such as purchasing new equipment or paying for competition travel costs. The grant cannot be used for individual student awards. Learn more and apply [here](#). The deadline to apply is January 15.

Articles
