## Delegate Assembly Election Results

Thank you to the CSEA members who volunteered to serve as delegates to the 2022 CEA Delegate Assembly! CSEA was allotted 22 seats and we had 21 nominations therefore no election will be required.

CEA policy is established at this assembly of members from across the state that convenes each spring. At CEA Delegate Assembly, representatives make decisions regarding school reform issues, legislative agendas, philosophical resolutions, and member rights advocacy. The assembly servers to set the direction for the Association by review and voting on proposed resolutions and new business items.

Below is a list of your CSEA representatives to CEA DA. Feel free to connect with them and share ideas or concerns so that they may represent you at the state level.

**Thumbs Up-** King Soopers Strike Resolved - The power of worker unity was on full display. After the 9-day work action in the Denver area, UFCW Local 7 was able to reach a tentative agreement with King Soopers. While ratification is ongoing, the union members in Denver overwhelmingly supported the new contract. Member solidarity, the support of labor organizations, and the support of the community led to this success. When we stick together, we win.

## Announcements

Join us for the next CSEA First Friday Happy Hour on **February 4<sup>th</sup>** from 4:00-7:00 at **Trinity Brewing Company** 1466 Garden of the Gods Road. We'll treat you to some appetizers and toast to the beginning of a new month!

## **2022 Teaching and Learning Conditions in Colorado (TLCC) Survey**

The Colorado Education Association, a member of the TLCC Coalition, asks for that all Colorado educators, special service providers, education support professionals, and school leaders take the 2022 Teaching and Learning Conditions in Colorado (TLCC) Survey. The [TLCC Survey](#) is an online instrument that encourages staff to share their perception on the teaching and learning conditions in their school.

The [survey](#) window is open now through **February 18, 2022**, can be accessed on any device and should take less than 15 minutes to complete. The system will save partially completed surveys, so you can be interrupted and pick up where you left off using the same code. Complete the survey at [www.TLCCsurvey.org](http://www.TLCCsurvey.org) using a confidential access code. Codes cannot be tracked to a specific person. If you haven't received a code, check with your building AR or contact the TLCC Help Desk.

## **St. Patrick's Day Parade & Bike Ride**

Cyclists! Traditionally CSEA has participated in the St. Patrick's Day cycling event and parade. This year the Parade on March 12<sup>th</sup> is paired with only the family ride, while the [30k and 50k rides](#) will be held separately on March 19<sup>th</sup>. We are interested in doing a temperature check of member interest in participating as a group in the 30k on the 19<sup>th</sup>, so we invite potential riders to chime in on the CSEA Cycling Subgroup to let us know. Anton Schulzki will be posting the question there: [CSEA Cycling](#)
